GARDNER'S NURSERIES

R. H. GARDNER

Wholesale Nurseryman

ROCKY HILL, CONN.

Gentlemen:

In handing you this, our preliminary surplus list, we wish to thank you for helping us dispose of our last years stock of 3 year Transplanted Barberry, approximately a half million. Under the market conditions this was some undertaking. We sold and delivered every plant without a complaint

We wish to call your attention to the same splendid stock which we will have to offer this fall. Also we are making a special request that you try our branched one year barberry seedlings. For lining out purposes you will find these compare more than favorably with the 12-15 in. grade generally offered the trade. They will also make excellent stock for mail order trade.

Also we would like to call your special attention to our lining out evergreens. We have, ourselves, transplanted two million this spring. You will find our root system and top growth very superior.

Upon most of the items listed we can quote you special prices for large quantities. We earnestly solicit your order at this time for either fall or spring delivery. It is mutually understood that the stock must meet with your approval.

Our terms of sale are the usual trade terms of the American Nurserymen's Association. We go further than that and guarantee our stock to reach you in good growing condition and to be satisfactory in every way or it may be returned at our expense.

We cordially invite you to visit us and select your stock. Our motto is stock that will grow, and make you money. We have ourselves bought too much stock that failed to grow, and this can easily be avoided on your part.

Very truly yours,

GARDNER'S NURSERIES

Section of 1 and 2 Year Evergreen Seed Beds.
Approximately 10 Million Plants

Section of Transplanted Evergreens under shade.
Men preparing new Seed Beds.

BARBERRY THUNBERGII

We grow Barberry in large quantities, hence our low price. Our quality is unsurpassed and a trial will prove it.

PINUS SYLVESTRIS (Scotch Pine)	6-8 in.	20.00	150.00
THUYA OCCIDENTALIS (Am. Arborvitae)	4-6 in.	25.00	200.00

One Year Seedlings

We have millions of one year seedlings and will quote attractive prices on quantity wants, but we do not recommend these to the average planter.

*Block of 3 Million Barberry Seedlings,
About 2 inches high. Weeders going through
first time June 10th.*

*Block of 500 M Transplanted Barberry Thunbergii
Seedlings. Just starting.*

*Cross Section 500 M Barberry Thunbergii.
Just starting third years growth.*

*Same Block of Barberry 3 ft. rows almost closed
June 10th. This summer's growth should make a
3 yr. Plant hard to beat.*

Lining Out Evergreens

Seedlings

Transplants and Rooted Cuttings

Mass.

Your Barberry was received in good condition, and we consider them very fine plants, and should have acknowledged them before but have been very busy and have only now taken them from our storage.—

New York

The car of Barberry came in Monday night and was unloaded Tuesday, a perfect day for the work. I am very well pleased with the stock.

New York

We have just received your letter of the 21st, and are pleased to state the car of Barberry has arrived and looks very fine.

Illinois

Herewith find enclosed our check for—in full payment of your invoice of February 22nd.

Thanking you for your good service, we are,

New Jersey

The Barberry came through in good shape: plants are A. No. 1.

Check enclosed to cover,

Connecticut

I finished planting the barberry, purchased from you, yesterday. It opened up much better than I expected and was very satisfactory indeed.
